

# **VOLUNTARY MANAGEMENT COMMITTEE OPPORTUNITY**

## **We Want You...**

Colebrook services are committed to improving people's quality of life, promoting recovery and independence and enabling them to be part of their local communities.

We are a local, not-for-profit organisation established since 1983. We adopt a holistic approach when supporting people and provide a wide range of services across many client groups. We do our best to ensure services are client / needs led, enabling clients to have a say in service planning and delivery, and meet the needs of local stakeholders.

We work mainly with groups who experience social exclusion and / or have specialist needs eg mental health, learning disabilities, older persons – these are just some examples and is not exhaustive.

We host the Local Involvement Network (LINK) and deliver Plymouth Involvement and Participation Services (PIPS) services. Our Carers Champions Service works with carers in the city of Plymouth.

We are an enthusiastic and forward thinking organisation. To find out more, please visit our websites:
